REACHED POST—1:16. OFF AT 1:16 EASTERN DAYLIGHT TIME.

Start good from stall gate. Won driving; second and third the same. PETER LANE, always within striking distance, disposed of OLD ROCKY when shaken and gradually drew clear. OLD ROCKY held a slight lead when settled for the stretch run, tired thereafter and was unable to withstand the top one. PARLOR PINK, shuffled back after the start, closed gamely when clear. INDIAN FILE, fractious at the post, failed to stay during the running. PASS was always outrun. QUITE HAPPY quit. TICONDEROGA never was prominent. CARONA retired steadily after flashing brief speed and came back slightly sore. DOTTIE DEAR dropped back soon after the start.

Scratched—85776 Fire King, 118; 89058^{4} Guayana, 119.

REACHED POST—1:55. OFF AT 1:55 EASTERN DAYLIGHT TIME.

Start good from stall gate. Won handily; second and third driving. DELEGATE, away alertly, was reserved back of the early pace, came to the complete outside to take command when ready inside the stretch and drew clear under a steady hand ride. BLINKER LIGHT was sent into closer contention at the furlong marker, but was unable to seriously endanger the winner when the real test came. ALL IS WELL showed good speed from the start, but faltered when set down for the drive. THYMUS lacked the necessary rally. SUNNY FOX was through after a half mile. FIFE AND DRUM never threatened. STAR HOOFER was not unduly persevered with when hopelessly beaten.

Scratched—89246 Fancy Bonnet, 113.

REACHED POST—2:35. OFF AT 2:35 EASTERN DAYLIGHT TIME.

Start good from stall gate. Won driving; second and third the same. LAFOURCHE, far back early, as usual, responded gamely when guided to the middle of the track for the stretch run and was up in the concluding stride to prevail over ARMAGEDDON. The latter made the pace to the furlong marker while racing on his own courage, tired slightly during the late stages, but should improve with additional racing. NO SCORE closed with good energy and was getting to the leaders. BLENOMAR tired when punished. REQUISITION was unable to keep up. PLIANT was through early. GOLD GIN trailed throughout.

If third, first, second and fourth horses are shown.
If unplaced, first, second and third horses are shown.

Note: Except in races of the shorter distances where the first call is pre-stretch or stretch and for which the start call is used, the first point of call after the start (at the quarter mile mark in most races) is given.

Positions of first point of call and pre-stretch call vary according to distance of race. Speed ratings are given all races, including turf races, with exception of steeplechase and hurdle events. Ratings are given from distances of three furlongs and over. No ratings for two-furlong races.

Claiming races are indicated by price after jockey's name. The superior letter (o) just before the claiming price indicates horse was in optional claiming race, but he was NOT *entered to be claimed.*

BETWEEN RACES

By OSCAR OTIS

Continued from Page Three

1840 with the running of the Grand National at Aintree, which reads "entrance 20 sovereigns each, with 150 pounds added, 30 pounds to second horse; third to save stake."

When Diomed won the first Derby at Epsom in 1780, he took the pot, 1,075 guineas. There were 36 nominees (or subscribers, as known in those days), and the conditions read, "50 guineas, half forfeit." As only nine started, it was a simple matter to arrive at the 1,075 pot. Diomed, you may recall, was imported to the United States at a ripe old age, and got a large number of fine horses despite his advanced years. The change of climate is said to have rejuvenated him. The first Derby to have a purse split was the third running in 1782, the conditions reading, "the owner of the second horse to receive 100gs out of the stakes."

An interesting sidelight of 30 years later and for several years thereafter was this stipulation in the conditions of the race, "the winner to pay 100 sovereigns towards the expenses of the police." By 1850, the conditions read, in part, "the owner of the second horse to receive 100 sovs. out of the stakes and the winner to pay 100 sovs. toward police and regulations of the course, and 50 sovs. to the judge." There were 205 subscribers that year at 50 gs. each, half forfeit, 24 started. It was not until 1869 that third money was mentioned in the Derby, to wit "second to receive 300 sovs. and third 150 sovs., out of the stakes."

To continue with more background, the first Derby ever run in America was the Jersey Derby at Paterson at a meeting of the Passaic County Agricultural Association, June 7, 1864. It was won by the undefeated Norfolk, who had previously been sold to Theodore Winters of California for $15,000, but who did not take possession until after the Jersey Derby, in which he ran in the name of his breeder, R. A. Alexander, of Woodford County, Kentucky. So far as I can learn, there was no split, the conditions being, according to William Collins Whitney's 1861-65 calendar, "a sweepstakes for three-year-olds at $50 each, pay or play, with $1,000 added; colts 100 pounds. fillies 97 pounds; one mile and one-half." There were 32 subscribers, and 12 started. In 1863, Jerome Park was still giving this split, "$100 to second, third to save its stake." An interesting sidelight is that at Dexter Park, Chicago, in 1868, the conditions for many races stipulated "horses bred in states north and west of the Ohio River allowed 5 lbs."

Therefore, without further research, I have concluded that the idea of a prize to the second horse did not occur to the English until that Derby of 1782, and I further surmise that it was the product of the brain of some "nobleman or gentleman" when he contemplated the richness of the stakes. It follows that the idea of refunding the nomination fee to the owner of the second horse in minor races undoubtedly grew out of the 1782 Derby. It obviously was reasoned, too, that if it was the right to give 100 pounds to the second horse, then the third horse should save his subscription fee.

The records also show that the St. Leger, an older race than the Derby, did not split until long after the Derby division, so there obviously was a great deal of resistance to this "revolutionary" change, a conclusion borne out by the fact that the Derbys of 1783 and 1784 had first money only. The diehard English seemingly fought any purse split with some tenacity, for it was not until 1836 that the St. Leger at Doncaster gave second money. However, after the 1782 Derby, and its abandonment of the split for several years, no doubt due to a hue and cry of the English nobles that second money was "cheapening the breed and the game," the Derby finally did reinstate second money and the principle of the purse split was firmly established and has never been abandoned since.

This corner has gone into the this matter with some degree of exhaustiveness because any decision on purse splits should be made only after thorough study. As for modern day practice, common sense practice would seem to dictate that purse splits stop with the wagering, ie, no further back than third. So far as we can learn again, the fourth money awards were made popular, perhaps even introduced, although there is no proof available on the latter matter, by Judge Francis Nelson, one time steward representing the ICRA and one of the great turf officials of modern times.

We understand the Judge added the fourth money splits for a reason entirely unrelated to economics, namely, to encourage owners to in turn encourage their jockeys to ride out their mounts through the stretch. The riders, it seemed, had the quaint notion then that if it looked like they had no chance to be "in the money" from the head of the stretch, they did not always perservere with their mounts as being a waste of time and effort, and moreover, as long as the horse was beaten, it would be better to save the horse for another day. This was logical enough, except that it made for a poor public reaction, and the Judge felt, and correctly, that a fourth money would go a long ways toward correcting this evil.

The proposal for a fifth money award in these modern times is based on economic grounds, for the failure to ride out mounts is no longer a problem. However, it is noteworthy that when the Nelson plan for fourth money was established, there was no outcry against the practice as cheapening the sport. It also is noteworthy that theory to the contrary, there has been a steady march in American racing to sweeten the rewards for second, third and fourth in relationship to the percentage paid the winner. So far, this trend has shown no signs of degrading the noble pastime.

lech—Melodious, by the English stallion, Persian Gulf . . . The consignment of the Stoner Creek Stud of Mrs. John D. Hertz to the Keeneland summer sales includes a yearling daughter of Chanteur II.—Solpax. Chanteur II. is the sire of Pinza, this year's Epsom Derby winner. Solpax was imported last year by Mrs. Hertz . . . The only yearling in the summer sales by the 1949 Horse of the Year, Capot, is a filly from Checkmate in the High Hope Farm consignment. A colt by Capot or Count Fleet from the good mare, Jacola is in the group of six quality colts offered by Dr. Eslie Asbury's Forest Retreat Farm.

Calumet's Breeze By, injured when he fell during the running of Keeneland's Ben Ali Handicap, has completely recovered at the farm from injuries sustained in that mishap but is being nursed for an unrelated minor leg condition. Calumet's manager, Paul Ebelhardt, tells us also that the son of Bull Lea—War Fan has been altered. Ben Jones sent back to the farm the filly Just Nell, by Bull Lea—Nellie L., and this miss will be permitted to rest until next year before being bred. Her mate has not been determined, but may be Ponder, or an outside stallion.

Ebelhardt has stopped for the season the breeding of the Calumet mares, believing that a more even operation is obtained when the foals are of nearly uniform age. He believes also that mares who do not conceive readily in the regular breeding season and who are then permitted to miss a season, usually benefit a great deal from the rest. The farm's yearlings numbering 14 colts and 13 fillies, will be transferred soon to the training barn, where breaking will begin about July 1. Incidentally, Ebelhardt informs us that damage to the farm during a recent storm of near-tornado velocity, was not too extensive and was confined to falling trees, fence lines and chimneys. The horses were all safely in barns at the time and none were injured.

have material for weeks to come and all of it would be of interest to those who follow racing. There will be more in this corner as time goes on, but, at the moment we wish to discuss the address of Don Reed, president of the turf publicists of America. He is a Baltimore boy from way back and an able newspaperman. Today, he is publicity director of Pimlico and, as in his former days, he does an outstanding job. He talked at length about racing's relations with the public. We have our own ideas on how racing should sell itself, and our thoughts embrace keeping the sport absolutely clean; giving the public the finest competition possible in a highly competitive field, and providing comfortable accommodations for the public. Many of our tracks have sensed that money spent on improvements is money well spent. While we have every respect for the points that Reed advanced, we believe that if the people in racing met the public half-way, much more good could be accomplished. We will have more to say about Reed and George Swinebroad of the Thoroughbred Club of America and Ogden Phipps of The Jockey Club in later columns.
